

IJSBA-WGP#1 One World Standard License

IJSBA, IJSBA Europe, and WGP#1 have agreed to have a policy for developing mutually agreed standards for rider licenses and affiliated countries around the world to participate in WGP#1 World Series and World Cup tournaments. This policy will consider only the class identified on the rider's license as well as check the standard of the license of each rider. This policy will take effect in this coming event, at WGP#1 Waterjet World Cup 2023, 13-17 December, Pattaya City, Thailand.

IJSBA, IJSBA Europe, and WGP#1 are currently discussing on the development of tournament standards for WGP#1 World Series tournament which will be held around the world and in our affiliated countries. We would like to make our tournament grow and have a greater quality in many aspects. The outcome of the development of our tournament in the last few years proved that the World Jet Sport Community has made an impressive progress and ignited enthusiasm and more excitement among jet ski fans worldwide. We will strive to make more impactful progress for larger and more sustainable jet sport community.
