

## Announcement of the aftermarket hulls for WGP#1 Waterjet World Cup 2024

We would like to draw your attention to the fact that aftermarket hulls that have already been homologated by IJSBA as well as watercrafts (with an aftermarket hull) that have already participated in the previous rounds (WGP#1 Asian Championships in Japan, WGP#1 World Series, Round 1-Europe, Poland and WGP#1 World Series, Round 2 in USA) will be allowed to compete in the WGP#1 Waterjet World Cup 2024 in Thailand. Please see the link below. In addition to the information in the link below, other aftermarket hulls are not allowed to compete.
